1 **The Bachelor of Music Degree with concentrations in Composition, in Conducting, in History and Literature of Music, in Music Education, or in Theory.**

The first year of this four year degree program is a common year. The concentrations begin in second year and students are assisted by the staff at the end of the first year in choosing which concentration they will enter. Only one major area of concentration may be chosen. Students may enrol in a minor concentration in Composition, or History and Literature, if they wish. Minor concentrations begin in third year.

To obtain the degree, students must satisfactorily complete between 12 to 20 units per year and must fulfill *all of the requirements in each of the categories* of courses listed below. An average student load is 16 units per year. Students with B standing or higher may petition to take more than 20 units.

The courses to be taken fall into four areas: **A. Basic Music Courses; B. Major Concentration Courses; C. Arts and Science Courses; D. Music Electives.**

- A Basic Music Courses** are required and must be taken in the year specified i.e. the 100 series courses in first year, and the 200 series courses in second year, unless a petition is granted to do otherwise. The Basic Music Courses are History of Music, Materials of Music, Basic Musicianship, Keyboard Harmony, Applied Music, Major Ensemble, and Musical Acoustics. These courses are designed to establish a basic level of musical knowledge and skill relevant to all concentrations.
- B The Major Concentration Courses** begin in second year. Turn to pages 5, 6, 7, and 8 where the required courses and the options are listed. The concentration courses are to be taken over the second, third and fourth years of the program.
- C A required minimum of four and a permitted maximum of six Arts and Science courses** is designated for the degree. It is recommended that students take one such course each year. A full Arts and Science course earns 3.0 units, and a half Arts and Science course

earns 1.5 units towards the MUS.BAC. degree, regardless of the hours per week that they may meet. Students are free to choose from any of the courses in the Calendar of the Faculty of Arts & Science provided they meet the pre- and co-requisites, or from the four courses listed on page 25 of this Calendar. Music courses in the Faculty of Arts and Science Calendar designated with the prefix MUS are not generally available to Faculty of Music students.

- D A Music Elective** is any Faculty of Music course excluding Basic Music Courses that is not required by the student's major concentration. Students are required to complete a minimum of 6.0 units of Music Electives within the four year program. Students completing a Minor Concentration, are not required to enrol in any Music Electives.

The following chart shows how the four course areas fit together to make up the four year program. Note that the solidus (/) means "or".

3 The Artist Diploma Program

4 The Licentiate Diploma Program

The Artist Diploma Program is designed to prepare performing artists. The Licentiate Diploma Program is designed to prepare teachers of piano, and is offered jointly by the Royal Conservatory of Music and the Faculty of Music. (See page 15) To complete these three-year programs, students must obtain satisfactory standing in the courses specified at a rate of between 10 and 20 units per year. The unit value of each course is shown in the section on course descriptions, beginning on page 16. (Students not majoring in piano must also satisfy the Keyboard Proficiency Regulations of the Faculty.)

A transfer between the Artist and Licentiate Diploma programs in the second and third years is not permitted. A student who has completed the requirements for the Licentiate Diploma may, if recommended by the Dean, perform two recitals in a post-graduate year for the purpose of qualifying for the Artist Diploma.

ARTIST DIPLOMA

The courses to be taken fall into three areas: **A. Basic Music Courses; B. Music Courses for Major Instruments; C. Music Electives.**

- A Basic Music Courses** are required and must be taken in the year specified i.e. the 100 series courses in first year, and the 200 series courses in second year, etc., unless a petition is granted to do otherwise. The Basic Music courses are History of Music, Materials of Music, Basic Musicianship, Keyboard Harmony, Applied Music, Musical Acoustics, and Recital(s).
- B Music Courses for Major Instruments** offer instruction and practice in areas related to the student's major instrument, and the musical literature associated with it. They vary from instrument to instrument and are specified on the succeeding pages.
- C A Music Elective** is any Faculty of Music course that is not required by the student's major concentration. Students will see that their programs require a certain number of these courses during the three year period as specified in the succeeding pages.

On the next pages, charts listing the specific courses within each course area are given and show how these areas combine to make up the diploma.

5 The Diploma in Operatic Performance is an advanced diploma requiring two years of full time residence. It is designed to prepare students through vocal and operatic experiences for professional operatic careers.

Each candidate will work out his or her program with a staff adviser. All students are required to complete or to provide evidence of equivalent standing in all courses listed with the prefix OMU in the section of music course descriptions, p. 20. The candidate's performance will be graded by Faculty examiners as With Distinction, Satisfactory, or Unsatisfactory.

Description of Courses

Courses are identified by a 7-character code, the last letter of which specifies the time length in which the work is undertaken. A final 'F' refers to a Fall-Term course, a final 'S' refers to a Spring-Term Course, and a final 'Y' (and occasionally an 'H') refers to a full year course. A final 'C' refers to a course offered only in the summer. Note that the comma (,) means "and"; the solidus symbol (/) means "or".

The auditing of courses is not permitted in this Faculty. Detailed instructions concerning Registration will be mailed to returning and newly admitted students during the summer months.

Annual Examinations

Annual examinations take place at the University in April and May; final examinations in Fall-Term courses are held in December (see Schedule of Dates, p. 1).

a) *Standing in a Course*

Students receive standing in a course if they obtain a final mark of 50% or higher. The following scale of marks and grades is used for all courses other than those for which either "CR" (Credit) or "NCR" (No Credit) is granted.

Mark	Grade
80%–100%	A
70%– 79%	B
60%– 69%	C
50%– 59%	D
35%– 49%	E
0%– 34%	F

b) *Standing in a Year*

To receive standing in any year, a student must obtain a cumulative average of 60% or higher. The average is calculated by multiplying the final mark obtained in each course by the unit value of the course. The following scale is used in assessing a student's cumulative average and grade.

Mark	Grade
80%–100%	A
70%– 79%	B
60%– 69%	Pass
Less than 60%	Fail

A student who obtains "A" standing in the final year will graduate "with honours".

A student who fails the first year must reapply for admission through the Assistant Dean (Administration); candidates are selected with other first year applicants and re-acceptance is not automatic.

Any student whose cumulative average is less than 60% will be placed on probation. A student on probation who fails to achieve a cumulative average of 60% or better at the end of the next academic year, will be suspended from the Faculty for one year, and must then reapply for admission through the Assistant Dean (Administration). A student who fails a year need only repeat courses where the final mark was less than 50%. A student who fails to achieve a cumulative average of 60% or higher at the third attempt, will not be placed on probation but will automatically be suspended from the Faculty for at least one year.

Students conditioned in prerequisite courses may find they are unable to enrol in a full program of their next higher year until the conditions are removed.

Access to Student Academic Records

Upon written request, a student may have, within 30 days of receipt of the request, access to the following:

- i) Registration and fees forms
- ii) Results for each course and year
- iii) Narrative evaluations of a student's academic performance used to judge his/her progress through the academic program
- iv) Results of any petitions and appeals filed by a student
- v) Medical information relevant to a student's academic performance, which has been furnished at the request of, or with the consent of, the student concerned.

The students' applications for admission and supporting documents, (e.g. jury assessments, letters of recommendations, etc.) are not accessible.

Academic Appeals

Students wishing to appeal their final standing or grade should follow this procedure:

- a) informal discussion with the instructor(s) and/or divisional coordinator(s) should precede any appeal;
- b) an appeal may be lodged after the results have been issued. It must be submitted in writing on a Petition Form to the Assistant Dean (Administration) prior to Registration Day in September.
- c) this appeal will be presented to the Committee on Academic Appeals, a representative body of teaching staff and students, who will have power to act on behalf of the Faculty Council;
- d) students may attend meetings and speak to their appeal in person; alternatively, they may be represented at meetings by their legal counsel, in which case written notification must be given within two weeks; instructors concerned with appeals may attend meetings and advise the Committee of their point of view; alternatively, they may be represented at meetings by their legal counsel, in which case written notification must be given within two weeks;
- e) a right exists of further appeal to the Academic Appeals Board of the Academic Affairs Committee of the Governing Council.

If a student wishes to be considered for aegrotat standing in any examination because of sickness, domestic affliction, or other causes, a petition must be filed with the Assistant Dean (Administration) before the close of the examination period, together with a doctor's certificate or other evidence.

Attendance and Unsatisfactory Work

Students whose attendance or work is deemed to be unsatisfactory may have their registration cancelled at any time by the Council of the Faculty. The Council may suspend a student from registration in the Faculty for a given period of time not exceeding two years for unsatisfactory work. This student must then reapply for admission through the Assistant Dean (Administration).

Keyboard Proficiency

1. It is recommended that students wishing to enrol in the Faculty of Music who are not keyboard majors attain a level of keyboard proficiency equivalent to Grade VIII in piano of the Royal Conservatory of Music of Toronto.
2. Students possessing the Grade VIII piano certificate will have satisfied the keyboard proficiency requirement.
3. Students lacking that certificate must sit for a test given shortly after first registration in the Faculty, during which they will be asked to perform the following:
 - a) three pieces from the R.C.M.T. Grade VI syllabus, one from each of the lists A, B and C;
 - b) technique:
 - scales: ♩ = 60, eighth notes, hands together, major, harmonic and melodic minor, and chromatic;
 - chords: triads, dominant and diminished seventh chords, hands separately, solid at ♩ = 60, quarter notes; broken at ♩ = 60, eighth notes;
 - arpeggios, hands separately, ♩ = 60, eighth notes, common chord, root position only, all major and minor tonalities.
 - c) sight reading:
 - simple accompaniment of a melody;
 - short passage in chorale style;
 - short passage in two-part, imitative style;
 - single line of treble and/or bass clef.
4. If students fail to meet the above standard in their first year they are encouraged to take private (non-credit) piano lessons *or* enrol in a piano class administered by the Royal Conservatory of Music. The fees for the above can be found in the Royal Conservatory of Music's "Schedule of Fees".
5. The requirement must be met before the student registers in the 3rd year in the Faculty of Music.
6. This regulation is effective for all students registering in the Faculty of Music for the first time on or after September 1978.

Applied Music

Students registering for the first time should be prepared to play a placement audition on the instrument in which they intend to major. This audition determines the student's assignment to a teacher and to a performing organization. These assignments are at the discretion of the Performance Division.

Recitals

Only those students whose program requires a recital (e.g. 3rd year and 4th year Performance Degree students) are permitted to give recitals. Exceptions must be approved by the Performance Division.

Performing Engagements

During the academic year, students in the Performance Degree or the Artist, Licentiate and Operatic Performance Diploma programs must obtain permission before accepting professional or amateur engagements or participating in any musical activities not connected with the Faculty of Music.

Publicity and Concerts Office

Concert engagements outside the Faculty, for students and recent graduates, are arranged through the Publicity and Concerts Office. Requests are filled for oratorio and other soloists, choristers, organists, accompanists, and musical performers in all categories. The Office also fills teaching engagements, assists in securing summer employment, and arranges all student recitals and bookings in Walter Hall and the MacMillan Theatre.

Undergraduate Association

The Undergraduate Association is the official undergraduate organization in the Faculty of Music.

The object of the Association, as stated in its constitution, is "to promote the interests of undergraduates in the Faculty of Music, to cultivate relations between the faculty and the student body, to encourage participation of the student body in University activities, and to further goodwill among the members themselves."

The officers are elected annually and consist of the President, the Vice-President, the Secretary, the Treasurer, and the Students' Administrative Council representative. These persons, as well as appointed Committee Chairpersons, form the Executive Committee, and are joined by elected class and program representatives to form the Students' Council.

The various standing committees are responsible for the planning and co-ordination of a number of student functions. One very important annual event is the orientation program each fall for new incoming students. This ambitious undertaking involves two or three day events designed for all staff and students at the Faculty with particular emphasis on and attention to new students. Each first year student is assessed a \$10.00 orientation fee, which they pay upon registration in the first year *only*, which entitles each student to *four years* worth of orientation activities.

The President of the Association is an ex-officio member of the Faculty Council and the Association organizes the election of student members to Council.

Fees

Each session students are required to pay tuition fees as established by the Governing Council and set out in the Schedule of Fees. Tuition fees consist of two parts: academic fees (including instruction and library) and incidental fees (including Hart House, Health Service, athletics and student organizations).

Method of Payment

Students who are eligible to register are mailed a FEES FORM and a SCHEDULE OF FEES, along with their registration material prior to the beginning of each academic year. This Fees Form must be submitted with the appropriate payment according to the instructions on the Schedule of Fees.

Payment must be made by MONEY ORDER or CHEQUE in Canadian funds payable to "The University of Toronto"; personal cheques must be CERTIFIED. Cash is accepted only if payment is made in person.

Payment Deadlines

Fees are due prior to registration and may be paid in full or a minimum payment consisting of 60% of academic fees and 100% of incidental fees can be made as indicated on the Schedule of Fees. All accounts must be paid in full by January 15th.

30 In order to avoid delays and long line-ups, students are advised to pay their fees early and by mail.

Service Charges

After September 15th all outstanding balances, regardless of the source of payment, are subject to a service charge of $1\frac{1}{2}\%$ per month (18% per annum) calculated on the 15th of each month until the account is paid in full.

Fees for Foreign Students

In accordance with the recommendations of the Government of Ontario, certain categories of students who are neither Canadian citizens nor landed immigrants are charged academic fees of approximately \$1,600.00 per session. Refer to the Schedule of Fees for details.

Sanctions for Non-Payment of Fees

Students who have not paid their accounts in full may not receive official statements of results, transcripts or diplomas and may not re-register at the University until these accounts are paid.

Financial Assistance

General Information

It should be made quite clear that students must themselves bear the cost of attending University and should not depend on receiving bursaries and/or scholarships from the Faculty of Music or the University of Toronto. Neither the University nor the Faculty has sufficient funds to provide anything other than small sums of money to students. Bursaries usually range from \$100 to \$200. Detailed information on bursaries and scholarships is given below. It is the policy of the Faculty of Music and of the University of Toronto that students needing financial assistance should consider the first means of help to be their governments' student aid schemes. Information on loan funds is also given.

A Bursary is an award given to a student who can demonstrate the need for financial assistance in order to proceed with his or her education. While need is a major consideration in awarding a bursary, a student's record must indicate that he or she would benefit from further education. Applications are necessary for bursaries.

A Loan is a sum of money granted to a student upon submission of evidence of financial need. The sum of money has to be fully repaid by the student to the loaning body at an interest rate established at the formal completion of the loan agreement. Applications are necessary for loans.

A Scholarship or Prize is awarded to a student for high academic and musical achievement. Applications are not normally necessary for scholarships, but students should consult the information about each scholarship listed below.

After deducting any outstanding fees, a cheque will be mailed to the student's sessional address about three weeks after the award is made.

When any award is granted upon standing obtained in part of the work of any academic year, the candidate must obtain standing in the work of the academic year as a whole.

Government Student Assistance Plans

The Ontario Student Assistance Program is a student aid package administered by the Province of Ontario. The components of this program are as follows:

The Ontario Study Grant Plan

The main purpose of the Ontario Study Grant Plan is to provide non-repayable grant assistance to students from less affluent families, normally for their first four years of post-secondary education.

The Canada Student Loans Plan

The main purpose of the Canada Student Loans Plan is to provide need-tested loan assistance up to and including the doctoral level of study. Students who have reached 'independent status' can be assessed for loan assistance without reference to their families' income.

The Ontario Student Loans Plan

The main purpose of the provincial loans plan is to make need-tested loan assistance available to students who are not covered by the Canada Student Loans Plan. At present this includes students taking less than 60% of a normal course load and some full-time students whose needs are not fully met by the Canada Student Loans Plan.

The Ontario Special Bursary Plan

The main purpose of the Special Bursary Plan is to ensure that particularly needy part-time students receive grant assistance. There will continue to be an upper limit on the number of courses that a student can take (three university courses or their equivalent) and students will not be able to receive financial assistance from both this program and the Ontario Study Grant Plan at the same time.

All students who are attending the University may qualify for aid under one or more of these plans provided they satisfy the residency requirements and demonstrate financial need as outlined in the Ontario Student Assistance brochure. Students wishing to apply under the Ontario Study Grant Plan, the Canada Student Loans Plan or the Ontario Student Loans Plan can do so on the same application from.

Application forms and brochures will be available in April and can be obtained from the Office of Student Awards, University of Toronto, Room 107, Simcoe Hall, Toronto, M5S 1A1. (Telephone 978-2204)

Further information may be obtained from Mrs. N. Moran, Ontario Provincial Chairman, P.E.O., R.R. 1, Puslinch, Ontario.

University of Toronto Alumni Association Loan Fund This fund comes from subscriptions received originally in 1919 and in succeeding years from graduates of the University and is administered by the University of Toronto Alumni Association. Loans are available to undergraduates and graduate students enrolled in a full-time program at the University, in second and subsequent years. Particulars may be obtained from the University Alumni Association, Alumni House, 47 Willcocks Street, Toronto.

Counselling, Advice and Help

There are always people willing to talk to students about any problems or difficulties they may be encountering, be they academic, emotional, financial, or personal. Any member of the teaching staff can be asked for help, particularly on academic matters. The Assistant Dean (Administration) is willing to talk with students on any matter. Outside the Faculty, the University Advisory Bureau and the University Health Service have experienced staff available at all times. Students should not feel they are alone when attending University.
